Plan for the purchase and use of treasury shares

The Shareholders' Meeting of Aeffe S.p.A. also approved today a plan for the purchase and use of treasury shares.

This plan authorizes the Board of Directors to purchase up to 10% of the Company's share capital, on one or more occasions on a revolving basis, over a maximum period of 18 months, and to use such shares without time limit.

The mandate envisages that the unit price paid for the shares may not be more than 10% higher or lower than the reference price established for them in the trading session immediately prior to each transaction.

This operation is explained by the need to give the Board of Directors appropriate and necessary flexibility in order to: (i) use the treasury shares purchased as possible consideration for the acquisition of equity investments, in the context of the investment policy adopted by the Company; (ii) carry out investment transactions in compliance with current regulations, either directly or via authorized intermediaries, for example in order to contain anomalous market price fluctuations, stabilize trading and price trends and support the liquidity of the security in the marketplace, thereby facilitating the proper conduct of trading without prejudice to the normal fluctuations attributable to market conditions; (iii) use the treasury shares in the context of stock incentive plans (stock options), or as consideration for the services and/or advice of key persons of particular value to the Company, with the exclusion from such plans of the majority shareholders and those strategic executives who are also executive directors and first-degree relatives of said shareholders; (iv) benefit, if deemed strategic by the Board of Directors, from any investment or divestment opportunities that may arise, having regard for the liquidity available.

Without prejudice to the requirements of mandatory legislation, the Board of Directors will in all cases be entitled not to proceed, in whole or in part, with the purchase and/or use treasury shares, should it believe at any time that the reasons for which this would be appropriate pursuant to the shareholders' authorization do not apply.

The Company will post a report summarizing the results of voting on the corporate website, www.aeffe.com, within 5 days of the Shareholders' Meeting.

Lastly, the Company will make the minutes of the Shareholders' Meeting required by art. 2375 of the Italian Civil Code available at the registered office and on the corporate website, www.aeffe.com, within 30 days of the Shareholders' Meeting.
