**RECOMMENDATION OF THE COMMITTEE FOR INTERNAL CONTROL AND STATUTORY AUDIT OF
AEFFE SPA**

FOR THE APPOINTMENT OF THE STATUTORY AUDIT OF THE ACCOUNTS

FOR THE NINE-YEAR PERIOD 2025-2033

(in accordance with art. 13, paragraph 1, of Legislative Decree no. 39 of January 27, 2010)

* * *

Dear Shareholders,

With the Shareholders' Meeting for the approval of the financial statements as of December 31, 2024, the statutory audit engagement awarded by AEFfe S.p.A. (hereinafter "AEFFE" or "Parent Company" or "Company") to the audit firm RIA GRANT THORTON S.p.A. (hereinafter "RIA") on April 13, 2016, for the financial years 2016 to 2024 expiring, and based on the current regulations defined by European Regulation no. 537/2014 (hereinafter "Regulation") transposed in Italy by Legislative Decree no. 135/2016, this mandate is no longer renewable. Consequently, the new statutory audit engagement must be entrusted by the Shareholders' Meeting upon a reasoned proposal by the Board of Statutory Auditors (hereinafter also "Board"), acting in its capacity as the Committee for Internal Control and Statutory Audit, pursuant to paragraph 1, letter f) of article 19 of Legislative Decree 39/2010, following the completion of a specific selection procedure in accordance with the criteria and methods set out in article 16 of the Regulation ("Selection Procedure for the Sole Group Auditor of AEFfe for the award of the statutory audit engagement pursuant to article 2409-bis of the Italian Civil Code, Legislative Decree 39/2010 and Regulation (EU) 537/2014").

The Board of Statutory Auditors has thus supervised the preparation and execution of the formal "Selection Procedure for the Sole Group Auditor of AEFfe for the award of the statutory audit engagement pursuant to article 2409-bis of the Italian Civil Code, Legislative Decree 39/2010 and Regulation (EU) 537/2014" among the principal audit firms in order to formulate the aforementioned recommendation, pursuant to article 16, paragraph 3, subparagraph c) of the Regulation, to be submitted to the Shareholders' Meeting, which will be called upon to decide on the appointment of the audit engagement for the financial years ending on December 31, 2025-2033.

In accordance with the provisions of the aforementioned Regulation, given that the engagement of the statutory auditor is for a Public Interest Entity (PIE), the recommendation formulated by the Board of Statutory Auditors presents two alternatives and a reasoned preference.

Selection Procedure

AEFFE organized the selection procedure in accordance with the criteria provided for in paragraph 3 of article 16 of the aforementioned Regulation.

The tender documentation ("Request for Proposal"), jointly prepared by the Manager responsible for drafting the company's accounting documents, the Administration, Finance and Control function, and the Board of Statutory Auditors, reflects the general criteria recommended by Consob. main stages. After receiving the Proposals, the Board, the Responsible Manager, and the Head of the Administration, Finance and Control function met separately, on October 17, 2024, with the Representatives of three of the candidate firms, thereby beginning the evaluation of the received Proposals. Two of the five candidate firms did not pass the preliminary screening regarding their economic offers, as these were more than 100% higher than the lowest economic offer received.

Evaluation Criteria

The analysis and evaluation of the received Proposals were based on the information provided by the candidate firms and on the criteria defined in the tender documents. The Board first verified the fulfillment of the minimum requirements, which were indicated as necessary and indispensable elements of the offers:

- An average professional seniority of at least 5 years for the audit team members (excluding Partners) for the entire nine-year period; a guarantee to maintain at least 75% of the team members year on year, notwithstanding any changes arising from modifications in the relationships between the team members and the Audit Firm (e.g., termination of employment);
- A guarantee that the less-represented gender within the audit team is represented by at least 40% of the team members for the entire duration of the engagement;
- A guarantee of at least one physical inventory per year for the controlled companies and/or each individual point of sale.

Furthermore, the information provided regarding any potential conflicts of interest in relation to the assignment was evaluated, with particular reference to consulting engagements deemed incompatible—or considered as such by the Board of Statutory Auditors pursuant to the Regulation and the internal regulations on the matter (services prohibited pursuant to Article 5, paragraph 1 of the Regulation¹).

The Board then examined the Proposals by evaluating the following areas, grouped into macro-categories, ultimately assigning scores as indicated below:

(i) Characteristics of the Audit Firm and its network (weight 15%)

The firms were invited to provide information, with particular reference to:

- the business model, corporate governance system, and financial statements;
- technical structures and centers of excellence operating in Italy and their relationships with international governance technical structures and centers of excellence;

¹ The prohibition on providing prohibited services covers the period from the beginning of the financial year under audit to the date of issuance of the audit report. Regarding the financial year preceding the start of the audit engagement, the Audit Firm (including its related Network) is prohibited from providing the company, as well as its parent and subsidiary companies within the EU, with services related to the design and implementation of internal control procedures and risk management concerning the preparation and/or verification of financial reporting, or the design and implementation of IT systems for financial reporting, in accordance with the so-called "cooling-in period" rule (as per Article 5, paragraph 1, letter b of the Regulation)

- the presence of a dedicated structure or a multidisciplinary team of experts in sustainability issues at both the audit and consulting levels, including an indication of the main assignments obtained in this field in companies operating in the same sector as AEFEE S.p.A.)

(ii) Composition of the audit team (weight 20%)

(The firms were invited to provide information, with particular reference to the composition of the team that will actually be employed for the audit;

- accessibility to key members of the central team and their availability;
- the proportion of hours allocated by Partners and Senior Managers/Managers relative to the total budget;
- the involvement of specialists in specific disciplines (for example: IT specialists, actuaries, tax experts, legal experts, specialists in financial instruments and valuation, sustainability experts on issues such as taxonomy, climate change, supply chain, etc.)

(iii) Methodological Approach – Technical Section (weight 20%)

(iv) Economic Section (weight 45%)

(Information concerning the employment of resources and means, such as:

- the number of hours forecast for the execution of the assignment, also broken down by the different areas of activity, divided by seniority and with an indication of the related costs;
- the qualitative and quantitative composition of the teams and of each type of professional figure envisaged;
- the annual fee in relation to the activities indicated in the paragraph "OBJECT OF THE PROCEDURE AND DESCRIPTION OF THE SERVICES ASSIGNED";

- the methods for incorporating a fee cap in (i) adjusting the fees according to the ISTAT index related to the cost of living (Consumer Price Index for households of workers and employees) compared to the previous year, and (ii) charging direct expenses, such as secretarial, technology, and other types of costs;
- the methods for adjusting the fee to actual and in subsequent years: "lump sum" offers, with fee variations solely linked to significant changes in the consolidation area, accounting principles, and reference regulations, or due to other extraordinary events; the possible efficiencies in future years deriving from an enhanced knowledge of the Group.

All the proposals submitted by the three firms admitted to the evaluation phase obtained an adequacy evaluation with reference to "Characteristics of the Audit Firm and its network."

Evaluation of the Proposals

Following the analysis of the proposals received, taking into account the criteria identified in the previous paragraph, the Board of Statutory Auditors and the Responsible Manager jointly

conducted the evaluations reported below, also considering the opinion of the Head of the Administration, Finance and Control function.

The Board of Statutory Auditors deemed the qualitative level of the proposals submitted by the three firms admitted to the second evaluation phase to be high, also in terms of significant experience with clients of dimensions and characteristics comparable to those of the AEFEE Group and of the size of their international network.

The proposals received from BDO Italia S.p.A., EY S.p.A., and KPMG S.p.A. were therefore subjected to both qualitative and quantitative evaluation during the audit meetings held on October 25, 2024, December 19, 2024, and January 23, 2025.

As also indicated in the Request for Proposal, the characteristics of the candidate firm—as well as the professional and technical content and the commitment, also in terms of the estimated hours and resources employed in the audit—were considered decisive for the evaluation, in particular:

- ✓ the number of hours estimated for carrying out the work covered by the proposal, as well as the elements upon which that number was based, taking into account that the hours employed must be proportional to the size of the Group and to the “audit risk,” evaluated in relation to the composition and quality of the main economic and balance sheet items;
- ✓ the structure of the professional team, which must ensure, in addition to the actual execution of the verifications, an adequate level of supervision and guidance.

Regarding the estimated hours for carrying out the assignment and the fees indicated, the three proposals provide for:

- BDO Italia S.p.A.: 2,699 hours for a fee of €176,500
- EY S.p.A.: 3,720 hours for a fee of €200,000²
- KPMG S.p.A.: 3,000 hours for a fee of €200,000³

The fee requested by the three firms is lower than that currently received by RIA GRANT THORNTON S.p.A., the audit firm presently engaged for the same services (amounting to €311,000).

The composition of the audit teams in the three proposals was also examined by gathering information on the professionals involved, including through meetings, and in all cases confirming their high level of professionalism.

In summary, the Board considered the qualitative level of the three proposals to be high and verified that:

² Excluded are fees for R&D tax credits and compliance certification.

³ Includes €13,000 in fees for Local Auditors for the companies Fashoff UK (United Kingdom) and Pollini Suisse (Switzerland).

***Courtesy translation. In any case of discrepancy,

- ✓ all the firms are leading audit firms and are registered in the Register of Statutory Auditors at the Ministry of Economy and Finance;
- ✓ all submitted proposals were accompanied by a specific declaration regarding compliance with the independence requirements provided by law and a commitment to withdraw, effective from the start of the engagement, from all contracts that could compromise independence;
- ✓ the audit methodologies described, considering the estimated hours and professional resources provided, were deemed adequate in all three cases in relation to the scope and complexity of the engagement;
- ✓ all of the aforementioned statutory audit firms have been found to possess an organization and the technical-professional capacity adequate to the complexity of the engagement.

On March 13, 2025, the Selection Team submitted to the Board the Final Report on the evaluations carried out by the Team (Article 16, paragraph 3 – letter e) of Regulation (EU) No. 5437/2014), which included the outcomes of the activities performed, detailing the evaluation process followed and the related results, summarized in the final ranking shown in the following table – grouped by macro-categories:

%	Score Proposal Audit	BDO	EY	KPMG
15	Characteristics of the Auditing Company and its network	13,0	15,0	15,0
20	Audit Team Composition	18,0	20,0	19,0
20	Methodological Approach - Technical Section	14,5	20,0	18,4
45	Economical Section	43,2	45,0	41,8
		88,7	100	94,2

The aforementioned Report was validated by the Board of Statutory Auditors, acting in its capacity as the Committee for Internal Control and Statutory Audit, during the meeting held on March 14, 2025, during which the Board resolved to:

- Propose to the Shareholders' Meeting of AEFPE S.p.A., pursuant to Article 16 of Regulation (EU) No. 537/2014, the appointment of the statutory audit engagement for the financial years from 2025 to 2033 to either EY S.p.A. or KPMG S.p.A., as these firms achieved the highest scores in the selection procedure;

- Express its reasoned preference for the offer submitted by EY S.p.A., since that firm obtained higher scores both qualitatively and quantitatively.

It is specified that any adjustments to the fees defined in the awarded engagement, which become necessary due to changes in the activities carried out as a result of objective changes—such as modifications in the structure of the Group or in the scope of the engagement—will be decided by the Board of Directors, following consultation with the Board of Statutory Auditors. Should such adjustments not align with the criteria established within the engagement, approval from the Shareholders' Meeting will be required.

Given the above, the Board of Statutory Auditors submits to the Shareholders' Meeting of AEFEE S.p.A., pursuant to art. 16 paragraph 2 of the Regulation, the two Proposals relating to the mandate for the legal audit of the accounts of the AEFEE Group, for the nine-year period 2025-2033, formulated by EY S.p.A. and KPMG S.p.A, the economic components of which have been previously summarized, unanimously expressing its preference for the company EY S.p.A., as it was rated with a higher score.

The Board of Statutory Auditors declares that the preference expressed above was not influenced by third parties and that none of the clauses of the type referred to in art. 16 - paragraph 6 - of the Regulation were applied.

The Board of Statutory Auditors therefore invites you to take the decisions pertinent to the assignment of the statutory audit task for the financial years ending on 31 December 2025-2033 and to the determination of the compensation, as reported below.
