1. PROFILE OF THE ISSUER

The Aeffe Group operates at an international level in the fashion and luxury sector, producing and distributing a wide range of products that include prêt-à-porter, footwear and leather goods, lingerie and beachwear. With a constant focus on uniqueness and exclusivity, the Group designs, produces and distributes collections for both its house brands, including “Alberta Ferretti”, “Philosophy di Lorenzo Serafini”, “Moschino” and “Pollini”, and for licensed brands, including “Jeremy Scott”, “Cedric Charlier” and “Blugirl Folies”. In addition, the Group has licensed the production and distribution of additional accessories and products to leading partners, in order to complete its range (perfumes, kids and junior lines, watches and eyewear).

The activities of the Aeffe Group are organized into two segments based on the various brands and product lines: the Prêt-à-porter Division, comprising the business activities of Aeffe, Moschino and Velmar, is mainly focused on the creation, production and distribution of luxury prêt-à-porter collections, as well as collections of lingerie, beachwear and loungewear. Distribution covers both the retail and the wholesale channels. This Division also manages the licenses granted to non-Group companies for the production of lines under the brand names owned by Aeffe and Moschino. The Footwear and leather goods Division, comprising Pollini and its subsidiaries, mainly operates in the creation, production and distribution of footwear, small leather goods, bags and coordinated accessories, using exclusive-quality materials. It is also responsible for managing the license contracts granted to non-Group companies for the creation of product lines branded Pollini and Studio Pollini.

In compliance with regulatory requirements, this Report contains a general description of the system of governance adopted by the Company and provides information about the ownership structure and adoption of the Code of Self-Regulation.

The Company adopts a traditional system of administration and control, in which the Board of Directors plays a central role.

In accordance with the law, the accounting checks are performed by an auditing firm.

The Issuer's system of corporate governance, being the set of rules and methodologies for the planning, management and control of activities that ensure the proper and transparent functioning of the Company, has been devised by the Board of Directors (i) in compliance with the regulations applicable to the Company as a listed Issuer, (ii) in accordance with the Code of Self-Regulation and (iii) to reflect domestic and international best practices.

Governance of the Company is therefore founded on: (i) the guiding role of the Board of Directors in determining the strategic direction; (ii) the transparency of operational decisions both within the Company and in relation to the market; (iii) the definition of a policy for

remunerating the directors and executives with strategic responsibilities in compliance with the provisions of the Code; (iv) the careful management of potential conflicts of interest; and (v) clear procedural rules for the conduct of related-party transactions, in accordance with the regulations in force, and for the processing of corporate information.

The Mission of the Company is to create value for all shareholders, employees, customers and vendors.

The Issuer is qualified as an SME pursuant to Article 1, paragraph 1, letter w-quater1) of the TUF and of the art. 2-ter of the Consob Issuers Regulation.

Even if the values of the Company's capitalization and turnover have not yet been published on the Consob website, the same are reported below, as communicated by the Issuer to Consob:

(D) Securities carrying special rights (para. 1.d) of art. 123-bis, TUF)

The Issuer has not issued any securities carrying special rights of control.

(E) Shares owned by employees: exercise of voting rights (para. 1.e) of art. 123-bis, TUF)

Employees who own shares in the Issuer exercise their voting rights directly, in accordance with the provisions of the Articles of Association.

(F) Restrictions on voting rights (para. 1.f) of art. 123-bis, TUF)

At the date of this Report, there are no restrictions and/or limitations on voting rights in relation to the Issuer's shares.

(G) Shareholders' agreements (para. 1.g) of art. 123-bis, TUF)

Pursuant to art. 122 TUF, as subsequently amended, and to the best of the Issuer's knowledge, there are no shareholders' agreements in force at the date of this Report.

(H) Change of control clauses (para. 1.h) of art. 123-bis, TUF) and Articles of Association governing public offers (para. 1-ter of art. 104 and para. 1 of art. 104-bis, TUF)

At the date of this Report, the Issuer and its subsidiaries have not signed any significant agreements that would become effective or would be modified or terminated upon a change in control over the Issuer or its subsidiaries.

The Articles of Association of the Issuer do not contain exceptions to the passivity rule envisaged in paras. 1 and 1 bis of art. 104, TUF; furthermore, the Articles of Association do not envisage application of the neutralization rules contained in paras. 2 and 3 of art. 104-bis, TUF.

(I) Mandates to increase share capital and authorization to purchase treasury shares (para. 1.m) of art. 123-bis, TUF)

The Board has not been granted any mandates to increase share capital pursuant to art. 2443 c.c., or to issue equity instruments.

Pursuant to the shareholders' resolution adopted on 3rd March 2008, the Issuer has purchased and currently owns 5,876,878 treasury shares representing 5.473% of share capital. The authorization to purchase treasury shares expired on 4th September 2009.

(J) Management and coordination activities (art. 2497 et seq. c.c.)

At the date of this Report, Fratelli Ferretti Holding S.r.l., a company owned jointly by Massimo Ferretti and Alberta Ferretti, directly holds 40,140,000 ordinary shares representing 37.387% of share capital, and indirectly holds via I.M. Fashion S.A. 26,207,690 ordinary shares representing 24.410% of share capital. In total, the above company holds 66,347,690 ordinary shares representing 61.797% of share capital. Art. 2497-*sexies* c.c. states that “*unless shown otherwise, it is presumed that powers of management and control over companies are exercised by the company or body required to consolidate their financial statements or which controls them pursuant to art. 2359 c.c.*”. Despite this, Aeffe believes that Fratelli Ferretti Holding S.r.l. has never exercised powers of management and control since (i) Fratelli Ferretti Holding S.r.l. does not give instructions to its subsidiary and (ii) there are no significant organizational-functional links between the two companies. Consequently, the Issuer considers that it operates, now and in the past, with full corporate and entrepreneurial autonomy with respect to its parent company, Fratelli Ferretti Holding S.r.l.

Relations with the latter are, in fact, limited solely to:

- (a) the routine exercise by Fratelli Ferretti Holding of the administrative and equity rights deriving from its status as a shareholder (voting at meetings, collection of dividends);
- (b) receipt by the governing bodies of Fratelli Ferretti Holding of the information provided by the Issuer pursuant to para. 5 of art. 2381 c.c.

The information required by para. 1.i) of art. 123-bis, TUF, is presented in the compensation report published pursuant to art. 123-ter, TUF, while that required by para. 1.l) of art. 123-bis, TUF, is presented in the section of the Report relating to the Board.

3. COMPLIANCE (PARA. 2.A) OF ART. 123-BIS, TUF)

The Issuer has adopted the Code, which is available to the public on the website of the Corporate Governance Committee of Borsa Italiana (<http://www.borsaitaliana.it/comitato-corporate-governance/codice/codice/htm>).

Neither the Issuer nor its subsidiaries of strategic significance are subject to non-Italian legislation that would influence the way their corporate governance is organized.

4. BOARD OF DIRECTORS

4.1 APPOINTMENT AND REPLACEMENT (PARA. 1.L) OF ART. 123-BIS, TUF)

Pursuant to art. 14 of the Articles of Association, the Board of Directors comprises a variable number of members, between seven and nine, who need not be shareholders, of which the least represented gender comprises at least one third of the total, as rounded up to the nearest whole number in the case of a fraction. The Board includes both executive and non-executive directors. In all cases, at least one member of the Board of Directors, or two if the Board of Directors comprises more than seven members, must satisfy the independence requirements established in art. 148.3 of Decree No. 58 dated 24th February 1998.

The directors remain in office for three financial years and their appointments expire on the date of the Meeting called to approve the financial statements for the final year of their mandate; they may be re-elected.

The mandate of the current Board, appointed at the Shareholders' Meeting held on 12th April 2017, terminates on approval of the financial statements as of 31st December 2019.

Pursuant to art. 15 of the Articles of Association, as modified on 18th April 2013 in accordance with the provisions of Law No. 120 dated 12th July 2011 (Law 120/2011), and pursuant to the provisions of Decree 27/2010, the ordinary shareholders' meeting is responsible for appointing the members of the Board from the lists of candidates presented by the shareholders, following the methodology described below and in compliance with the regulations currently in force on gender balance, rounding up to the nearest whole number the number of candidates belonging to the least represented gender, if application of the gender balance criterion does not result in a whole number.

Shareholders have the right to present lists of candidates if, individually or collectively, they represent at least 2.5% (two point five percent) of the shares with voting rights at Ordinary Meetings, or such different percentage of the Company's share capital as is established by current and applicable laws and/or regulations. Each Shareholder (as well as (i) shareholders belonging to the same group, comprising the controlling party, not necessarily a company, as defined in art. 2359 of the Italian Civil Code, and all companies controlled by or under the joint control of that party, or (ii) the members of the same shareholders' syndicate pursuant to art. 122 of Decree No. 58 dated 24th February 1998, or (iii) the shareholders who are otherwise joined in relationships deemed relevant under current and applicable laws and/or regulations) may present or contribute together with other shareholders to the presentation, directly or via intermediaries or trust companies, of just one list of candidates; all lists presented by shareholders presenting multiple lists will be void.

The lists of candidates signed by the shareholders presenting them, or by the shareholder appointed to present them, and accompanied by the documentation required by the Articles of Association must be filed, via electronic documents bearing digital signatures applied in accordance with the applicable regulations, or otherwise, at the registered offices of the Company no later than twenty-five (25) calendar days prior to the date fixed for the Shareholders' Meeting in first (or only) calling and published on the Company's website at least 21 (twenty-one) calendar days prior to the date fixed for the Meeting in first (or only) calling, or any different minimum time envisaged by current legislation or regulations. The filed lists of candidates will also be valid for subsequent callings of the same Meeting, if applicable. In order to demonstrate ownership of the number of shares necessary for the presentation of a list, each nominating shareholder must file the documents confirming such ownership at the registered offices, together with the list, not later than 21 (twenty-one) calendar days prior to the date fixed for the Meeting in first (or only) calling. Each candidate can appear on just one list, or will be ineligible for election. Each list must contain at least three candidates. The lists must also include candidates from both genders, so that the least represented gender has the portion of candidates envisaged by the legislation in force at the time (rounded up to the nearest whole number in the case of a fraction). The candidates must be listed in consecutive numerical order. Shareholders who present a list that aspires to obtain the largest number of votes are responsible for ensuring that such list contains a sufficient number of candidates. At least one candidate from each list, or two if the Board of Directors comprises more than seven members, must satisfy the independence requirements established in art. 148.3 of Decree No. 58 dated 24th February 1998 and subsequent amendments. In addition to each list, the following information must be filed at the registered offices by the above deadline:

- a) the list of shareholders presenting the list, stating their personal or business names, addresses, company registration numbers or equivalent, and total percentage interest held in the Company's share capital.
- b) the curriculum vitae of each candidate, containing full information on their personal and professional characteristics and an indication, where applicable, that they satisfy the independence requirements established in para. 4 of art. 147-ter of Decree No. 58 of 24th February 1998 and subsequent amendments, as well as: (i) their appointments as non-executive directors or auditors of companies listed on regulated markets (including foreign markets) and of banks, insurance companies and other major companies, being those whose total assets or sales reported in their latest financial statements exceeded Euro 500,000,000.00 (five hundred million); (ii) their appointments as executive directors of any company, including those not

covered by the categories mentioned in point (i) above, except for companies that “merely hold” property, equity investments or other assets, and companies whose latest reported sales were Euro 50,000,000.00 (fifty million) or less. For each company in which appointments are held, the following information must be provided: name, address, company registration number or equivalent, and the nature of the appointment (indicating also if directorships are executive, non-executive or independent);

c) the declarations of each candidate confirming acceptance of their nomination and certifying under their personal responsibility:

- the absence of reasons for which they would be ineligible or for which their appointment would lapse pursuant to art. 2382 of the Italian Civil Code;

- possession of the honorability and professionalism requirements established by current and applicable laws and/or regulations;

- possession, if applicable, of the independence requirements established in art. 148.3 of Decree No. 58 dated 24th February 1998 and subsequent amendments, and/or their suitability to serve as an independent director pursuant to the Code of Self-Regulation prepared by the Committee for the Corporate Governance of Listed Companies sustained by Borsa Italiana S.p.A. Lists of candidates that do not comply with the requirements specified in the preceding paragraphs will be treated as if they had not been presented. Information about the lists presented is communicated in the circumstances and on the basis established by current regulations.

Each Shareholder with voting rights (as well as (i) shareholders belonging to the same group, comprising the controlling party, not necessarily a company, as defined in art. 2359 of the Italian Civil Code, and all companies controlled by or under the joint control of that party, or (ii) the members of the same shareholders' syndicate pursuant to art. 122 of Decree No. 58 dated 24th February 1998 and subsequent amendments, or (iii) the shareholders who are otherwise joined in relationships deemed relevant under current and applicable laws and/or regulations) may vote for just one list.

Voting is transparent and not secret. For the purposes of appointing directors in accordance with the following instructions, no account will be taken of lists that do not receive at least half the percentage of votes required by art. 15.2 of the Articles of Association for the presentation of such lists. If no lists are presented, the Shareholders' Meeting resolves in accordance with the majorities established by current legislation.

If just one list is presented, all the members of the Board of Directors will be drawn from that list. The Shareholders' Meeting will appoint any directors remaining to be elected, applying the majorities envisaged by law. If, on the other hand, two or more lists are presented, the Board of

Directors is appointed in the following manner:

- a) all the candidates, up to the number decided each time at the Shareholders' Meeting, less one, will be drawn from the list that obtains the majority of the votes cast by the shareholders and appointed as directors in the numerical order in which they are presented on that list;
- b) the remaining number of candidates to be elected will be drawn from the list that obtains the second-largest number of votes and appointed as directors in the numerical order in which they are presented on that list, on condition that such list is not linked in any way, directly or indirectly, with the shareholders who presented or voted for the list that obtained the largest number of votes;
- c) the Directors to be elected who satisfy the independence requirements established in the Articles of Association are drawn from the list that obtains the largest number of votes cast by the shareholders or, to the extent that this is not possible, from that which obtains the second-largest number of votes;
- d) in the event of a voting tie between two or more lists, the candidates on the list presented by shareholders with the greatest total equity interest or, failing this, by the largest number of shareholders, will be elected.

If the composition of the Board of Directors does not comply with the gender balance criterion then, having regard for the order of listing, the candidate from the most represented gender elected last from the list that obtained the largest number of votes (the "Majority List") shall be replaced, in consecutive numerical order, by the first candidate not elected from that list. Application of this replacement procedure will continue until the composition of the Board of Directors complies with the regulations in force at the time concerning gender balance.

If using the list voting mechanism the number of candidates is lower than the minimum number of Directors envisaged in the Articles of Association, or if using the list voting mechanism the required number of candidates from the least represented gender is not reached, the Board of Directors shall be elected and supplemented at the Shareholders' Meeting, applying the majorities envisaged by law. If, during the year, one or more directors drawn from the list that obtained the largest number of votes (the "Majority Directors") cease to serve for any reason, they will be replaced as follows on condition that the majority of the directors elected at the Meeting continues to serve:

- a) the Board of Directors will replace the Majority Directors who have ceased to serve by co-opting new directors, pursuant to art. 2386 of the Italian Civil Code, having regard for both the requirement that independent directors must be co-opted if one or more of the Majority Directors who have ceased to serve were independent directors and the requirement to comply

with current regulations on gender balance; b) the co-opted directors remain in office until the next Shareholders' Meeting which will either confirm or replace them in the usual manner with the normal majorities, without recourse to the system of list voting described in this article 15.

If, during the year, one or more directors drawn from the list that obtained the second-largest number of votes (the “Minority Directors”) cease to serve for any reason, they are replaced as follows:

a) the Board of Directors will replace the Minority Directors who have ceased to serve by the first unelected candidates on the same list, on condition that they are still eligible and willing to accept the appointment, and that the appointment complies with current regulations on gender balance or, otherwise, by the first eligible and willing candidates drawn in order from that list or, failing this, from the first subsequent list by number of votes cast that achieved the voting quorum referred to in art. 15.2 above; the mandates of these replacements expire at the same time as those of the directors who were serving when they joined the Board;

b) if one or more of the Minority Directors who ceased to serve was an independent director, they must be replaced by other independent directors;

c) if it is not possible to proceed on the basis described above, due to a lack of candidates on the lists or their unwillingness to serve, the Board of Directors co-opts a new director, pursuant to art. 2386 of the Italian Civil Code, who is selected by the Board using the criteria established by law and in compliance with the current regulations on gender balance. The director co-opted on this basis will remain in office until the next Shareholders' Meeting which will either confirm or replace him in the usual manner with the normal majorities, without recourse to the system of list voting described in article 15 of the Articles of Association.

If for any reason the appointment or replacement of one or more directors cannot be accomplished in accordance with the requirements envisaged in this article, the legislation governing the appointment of directors will be applied without following the procedures described in the above paragraphs. In this case, the candidates must have accepted their nominations and confirmed, under their personal responsibility, the absence of reasons for which they would be ineligible or incompatible, and that they satisfy the requirements established by the applicable regulations and the Articles of Association.

The Issuer is not subject to further rules governing the composition of the Board.

In view of the ownership structure of the Company and the fact that, pursuant to the law and the Articles of Association, the directors are appointed at the Shareholders' Meeting from lists presented by the Shareholders, the Issuer has not considered it necessary to adopt a specific succession plan for its executive directors.

As a matter of fact, the purpose of the succession plans is to implement, in the companies, processes aimed at identifying, in time, "substitutes" of the various managers who occupy strategic and executive positions with skilled professionals appropriate for business needs; on the basis of the size and characteristics of the company, these processes could be more or less sophisticated, but, to be efficient and effective, they must be combined by the double objective of avoiding management gaps in the short term and favoring generational turnover in the medium-long term period.

Taking into consideration the structure of Aeffe's shareholding structure and the dimensions of the company, the Issuer, taking into consideration also the assessments made by the Internal Control Committee at the meeting of 16 July 2018, considered that the processing and the eventual adoption succession plans are not, at the moment, a business necessity, since these plans are generally existing in companies of significant dimensions and with a widespread shareholding.

1. Massimo Ferretti
2. Alberta Ferretti
3. Simone Badioli
4. Marcello Tassinari

5. Roberto Lugano
6. Daniela Saitta
7. Sabrina Borocci
8. Alessandro Bonfiglioli

Directors Roberto Lugano, Daniela Saitta, Sabrina Borocci and Alessandro Bonfiglioli are independent directors.

The Board of Directors, as appointed, will remain in office for three years and, therefore, its mandate will expire at the Meeting called to approve the financial statements for 2019.

There have not been any changes in the composition of the Board since the new Board was appointed on 12th April 2017.

The personal and professional characteristics of each director are indicated in the nominations presented by the shareholders, which are published on the website of the Company at the following webpage: <http://www.aeffe.com/aeffeHome.php?pattern=11&lang=ita>.

Criteria and diversity policies

The company has statutorily adopted the obligation to appoint the members of its Board of Directors in compliance with the provisions on gender balance. Furthermore, the Issuer believes that the members of its Board of Directors have the necessary skills and professionalism to perform their respective duties. A third of the Board of Directors consists of directors of the less represented gender.

The Company appoints professionals of great skill and experience, drawn from major industrial and commercial enterprises and/or expert and famous professional practices, as members of its administrative and management bodies.

Starting from the beginning of the first mandate following the termination of the effects of Law 120/2011 and pending regulatory changes, the Issuer applies the gender diversity criteria referred to in principles 2.P.4. and 8.P.2. of the Code for the composition, respectively, of the board of directors and the board of auditors.

Maximum number of appointments held in other companies

The Board has not established general criteria for the maximum number of appointments held in companies listed in regulated markets, banks, finance companies, insurance companies or other large companies, that is deemed compatible with the work performed by its directors and Statutory Auditors. Nevertheless, the Board has identified such appointments based on the declarations made by the Issuer's directors and statutory auditors.

Induction Program

The Issuer has not prepared a formal training plan for the current Board. Nevertheless, acting

in a manner consistent with the current provisions of the Code of Self-Regulation and with a view to enabling the directors to perform their role in full awareness, the Chairman of the Board of Directors has consistently helped Board members to obtain and progressively refine their knowledge of the market and the sector concerned, the business of the Group, the risks faced and the system of internal controls, the organizational structure of the Company, its activities and the regulatory framework governing such activities, via specific meetings and other communications to provide them with such information. The Chairman of the Board of Directors has also encouraged directors to make suggestions for innovating and identifying trends, expressing the creativity of all business sectors in the best possible way and guiding them to generate value as a consequence.

During 2018, the Chairman of the Board of Directors of the Issuer encouraged and promoted informal meetings with the directors on the sidelines of the Board and Shareholders' Meetings.

4.3 ROLE OF THE BOARD OF DIRECTORS (PARA. 2.D) OF ART. 123-BIS, TUF)

The Board met six times during the Year.

The percentage attendance at Meetings by each directors is indicated below:

• Massimo Ferretti;	Chairman of the Board of Directors	100%
• Alberta Ferretti;	Deputy Chairman of the Board of Directors	50%
• Simone Badioli;	Chief Executive Officer	100%
• Marcello Tassinari;	Executive Director and General Manager	100%
• Daniela Saitta;	Independent director	100%
• Roberto Lugano;	Independent Director	100%
• Alessandro Bonfiglioli;	Independent Director	100%
• Sabrina Borocci;	Independent Director	33%

The current composition of the Board of Directors is in line with current regulations governing gender balance.

The average duration of a Board meeting is an hour and a half.

At least five Board meetings are planned for 2019, two of which (1st February and 12th March 2019) have already been held.

In order to ensure that Board members receive all the information and documents needed to make decisions, the Chairman has instructed the secretariat of the Board to send out supporting documentation for the items placed on the agenda for discussion well in advance of the date set for each meeting and, usually, at least 3 days beforehand.

No Board meetings were held in 2018 without the provision of information beforehand.

During Board meetings, the Chairman introduces each individual item on the agenda with, if

necessary, assistance from the chief executive officer or the general manager. He then invites the directors to ask related questions and request any clarification needed. After hearing the opinions of the directors and providing any appropriate clarification requested, each item is put to the vote.

Where necessary for the technical and more detailed analysis of agenda items, the Board invites the Issuer's executives to attend meetings in order to provide directly the required clarification.

Pursuant to art. 19.1 of the Articles of Association, the Board exercises the widest powers for the administration of the Company, without any exceptions, and has the right to perform all deeds deemed appropriate for the pursuit and achievement of the Company's objects, with the sole exclusion of those reserved by law for the Shareholders' Meeting.

Pursuant to art. 19.6 of the Articles of Association, the following resolutions cannot be delegated and must be adopted by the Board pursuant to art. 2436 c.c.:

- mergers or spin-off pursuant to arts. 2505, 2505-bis and 2506-ter c.c.;
 - opening or closure of secondary offices;
 - transfer of the registered offices elsewhere in Italy;
 - indication of which directors are the Issuer's legal representatives;
 - reduction of capital following withdrawal by a shareholder;
 - alignment of the articles of association to reflect compulsory regulatory requirements,
- without prejudice to the fact that such resolutions can, in any case, also be adopted at an extraordinary shareholders' meeting.

Pursuant to Criterion 1.C.1 of the Code, the Board has sole responsibility for:

- examination and approval of the strategic, industrial and financial plans of the Issuer and the group which it leads, periodically monitoring their fulfilling; the definition of Issuer's system of corporate governance and the structure of the group;
- the definition of the nature and level of risk compatible with the strategic objectives of the Issuer, including in its assessments all the risks that may take on importance with a view to the medium-long term sustainability of the Issuer's activity;
- assessment of the adequacy of the organization, administrative and financial accounting systems of the Issuer, and those of subsidiaries of strategic importance with particular reference to the system of internal controls and the management of conflicts of interest;
- granting and revoking the mandates of the Managing Directors, establishing the limits on their powers and how they may be exercised;
- the definition of the frequency, in any case not exceeding the quarter, with which the

- delegated bodies have to report to the Board concerning the activity carried out in the exercise of the powers granted to them;
- determination, having examined the proposals made by the relevant committee and heard the opinion of the Board of Statutory Auditors, of the remuneration of the Executive Directors and the other directors with special duties, as well as the allocation of the total remuneration due to members of the Board who do not have special duties, if not already decided at the Shareholders' Meeting;
 - assessment of the general results of operations, having regard in particular for the information received from bodies with delegated powers, and periodically comparing the results achieved against budget;
 - acquisition of firms and equity investments and merger and spin-off transactions and other special operations that may have strategic, economic or financial importance for the Issuer.

As envisaged in art. 19.2 of the Articles of Association and pursuant to art. 150 of Decree No. 58 dated 24th February 1998, the directors report to the Board of Statutory Auditors, at least every quarter, on the work performed and on the principal economic, financial and equity transactions carried out by the Company and its subsidiaries, as well as on the transactions in which they have an interest, whether personally or on behalf of third parties, or which were influenced by the party which directs and coordinates the activities of the Company. The directors communicate this information verbally to the Board of Statutory Auditors during meetings arranged specifically for that purpose, during Board meetings or during the meetings of the Board of Statutory Auditors held pursuant to art. 2404 of the Italian Civil Code.

The Board is therefore responsible for the examination and prior approval of the transactions of the Issuer and its subsidiaries when they have strategic, economic or financial importance for the Issuer.

The Issuer complies via informal operating practices with the requirements of Principle 1.P.2 of the Code regarding the obligation placed on members of the Board to act and resolve in an informed and independent manner, pursuing the objective of creating value for the shareholders in a medium to long term horizon.

In application of Criterion 1.C.1.f), the Board has resolved to retain the following activities for itself: acquisition of firms and equity investments, merger and spin-off transactions and other special operations that may have strategic, economic or financial importance for the Issuer.

Each quarter at meetings held to approve financial information, the Board assesses the adequacy of the organization and accounting systems of the Issuer put in place by the executive

directors, who report to the other directors on the functioning of the system of internal controls and the management of conflicts of interest. In view of the fact that such information is provided periodically and that, to date, no critical issues have emerged, the above reports from the executive directors are not documented in the Board minutes, although they would be if they highlighted problems to be addressed by the Board.

Similarly, the Board evaluates the organization, administrative and financial accounting systems of the subsidiaries of strategic importance put in place by their managing directors; the information needed for this assessment is gathered by employees reporting to the Issuer's general manager, who then discusses it directly with the managing directors of the subsidiaries of strategic importance. He then presents the information obtained to the Board on a quarterly basis. Here too, in view of the fact that such information is provided periodically and that, to date, no critical issues have emerged, the above reports are not documented in the Board minutes, although they would be if they highlighted problems to be addressed by the Board.

At its meetings, the Board assesses the general results of operations, having regard in particular for the information received from the directors and committees, and periodically compares the results achieved against budget.

For an understanding of the general principles for identifying transactions that have strategic, economic or financial importance for the Issuer, reference is made to the criteria identified by the Board in the procedure governing the following types of related-party transaction: Transactions involving Minor Amounts, Transactions of Greater Significance, Transactions of Lesser Significance, and Routine Transactions.

Each year the Board of Directors assesses the size, composition and functioning of the Board and Board committees. This assessment, usually made at the meeting held to approve the draft financial statements, was made at the meeting held on 8th March 2018.

At the meeting held on 8th March 2018, the Board determined that there were no issues with the size, composition or functioning of the Board or its committees, given: i) the adequate number of directors, a third of whose belongs to the less representative gender; (ii) the adequate number of independent and non-executive directors with specific legal knowledge (Borocci) and finance, administration and accounting knowledge (Saitta, Bonfiglioli and Lugano); (iii) the duration of each directorship over a three-year renewable term, which allows directors enough time for analysis and to obtain a sufficiently complete knowledge of the origins and development of the business and its activities.

It is underlined that, in the Issuer's Board of Directors, consisting of 8 members, 50% of them have the characteristic of independent director, a feature which, in addition to meeting the legal

requirements, is also a guarantee of fairness and transparency towards market and shareholders. Furthermore, the independent members of the Board of Directors are professionals with important and consolidated business and professional experiences. The executive directors, in addition to the proven professionalism and business management skills, can boast extensive and in-depth knowledge of the sector as well as important industrial experiences. In relation to the Committees, the Control and Risk Committee and the Compensation Committee are composed by three independent directors. These directors also have solid and recognized skills in financial and accounting matters.

The Committees meet regularly and are constantly involved in matters, dealt with by the Board, in which there are arguments / resolutions that involve the consultation of the committees and the presidents of the same have not highlighted any criticality in the operation.

The Board also took note of the provisions of Application Criterion 1.C.1, letter h, and - given the specific skills of each individual and the comprehensive professional characteristics of the members taken together - did not deem it necessary to make recommendations to the Shareholders' Meeting about the identification of any supplementary professional and managerial skills not already available; if necessary, the Board reserves the right to notify the shareholders in future about any professional skills whose presence on the Board is considered appropriate.

The Board checked on 8th March 2018 that Daniela Saitta, Alessandro Bonfiglioli, Sabrina Borocci and Roberto Lugano met and maintain the independence requirements.

In compliance with the Code of Self-Regulation, directors accept appointment when they believe themselves able to dedicate the time necessary to perform diligently the tasks required by the nature of their role. This assessment takes account of their membership of Board committees and the commitment associated with their own working and professional activities, as well as the number of and commitment associated with any other directorships and audit appointments held in other companies, considering the applicable regulations. Directors ensure that they continue to comply with the above conditions throughout the period of their mandate.

Furthermore, aware of the inherent responsibilities associated with their role, directors are required to keep themselves constantly informed about the principal legislative and regulatory changes affecting the Company and the performance of their functions.

The directors align their behavior with the requirements of the Code of Ethics, the Code of Internal Dealing and all instructions by which the Company governs the actions of its directors; just as the members of the Board of Statutory Auditors, the directors keep strictly confidential

the documents and information that come to their attention by virtue of their office.

The Shareholders' Meeting has not granted advance relief from the no-competition requirements laid down in art. 2390 c.c. to the Issuer's directors.

Simone Badioli, as the Chief Executive Officer of the Issuer, is identifiable as the person primarily responsible for the management of the business. In this role, Simone Badioli receives constant support from Marcello Tassinari, the General Manager.

With regard to the positions held by Simone Badioli, the *interlocking directorate* situation envisaged in Application Criterion 2.C.6 does not apply, since Simone Badioli (A) is not a director of any other issuer (B) is not a director of any companies not belonging to the same group, in which the *chief executive officer* is a director of the Issuer.

Chairman of the Board of Directors

Operational powers have been granted to the Chairman in view of Massimo Ferretti's central role and position within the organization of the Company and the Aeffe Group.

Massimo Ferretti has always promoted the family brand name and is principally responsible, together with Alberta Ferretti, for the growth strategy of Aeffe and the creation of the Aeffe Group.

The Chairman is not the party that controls the Issuer pursuant to art. 93 TUF. The Issuer is controlled by Fratelli Ferretti Holding S.r.l., a company owned jointly by Massimo Ferretti and Alberta Ferretti.

The Chairman does not perform the role of Chief Executive Officer.

Executive committee (para. 2.d) of art. 123-bis, TUF)

The Company has decided not to establish an Executive committee.

Information provided to the Board

At the Board meetings held at least every quarter, the executive directors report to the Board on the work performed under the mandates granted to them.

4.5 Other executive directors

Except for the Executive Directors referred to in section 4.4 and for Alberta Ferretti, Executive Deputy Chairman of the Company, who primarily focuses on developing the style and prestige of the collection presented under her brand name, as well as on building awareness about the Company, there are no other directors with executive roles.

4.6 Independent directors

When appointing the Board of Directors on 12th April 2017, the shareholders that presented lists also indicated which directors were independent; their assessment was adopted on 3rd May 2017, at the first Board meeting held subsequent to appointment of the new Board and confirmed during the Board meeting on 8th March 2018.

Daniela Saitta, Roberto Lugano, Alessandro Bonfiglioli and Sabrina Borocci are non-executive directors since they do not hold operational mandates and/or perform executive functions within the business. Consistent with Principle 2.P.2 of the Code, the non-executive directors bring their specific skills to Board discussions, contributing to the making of balanced decisions and taking special care in the areas where conflicts of interest may arise.

During the current year, the Board of Statutory Auditors checked the correct application of the verification criteria and procedures adopted by the Board for evaluating the independence of its members, considering that such criteria and procedures were applied correctly, as set out in the following extract from the annual report of the Board of Statutory Auditors to the Shareholders' Meeting: *“The Board of Statutory Auditors has made the assessments required of it, identifying proper application of the criteria and procedures adopted by the Board of Directors to verify the independence status of the individual directors and compliance with the requirements for the composition of the Board taken as a whole”.*

The minutes of the Board of Statutory Auditors dated 21st March 2018 in fact state, *“In the context of the duties assigned and in compliance with the Code of Self-Regulation prepared, on the recommendation of Borsa Italiana, by the Committee for the Corporate Governance of listed companies (art. 3.C.5), the Board of Statutory Auditors has checked proper application of the verification criteria and procedures adopted by the Board in order to assess the independence of individual directors. These procedures make reference to the information provided by each person concerned and/or available to the Issuer, as well as to other evidence potentially indicating that individual directors might not be independent”.*

Roberto Lugano, Daniela Saitta, Sabrina Borocci and Alessandro Bonfiglioli have in fact confirmed that none of the circumstances listed in Application Criterion 3.C.1. (which indicates some of the most common situations symptomatic of a lack of independence) apply to them; furthermore, the above Directors do not maintain, and have not recently maintained, directly

or indirectly, relations with the Company or related parties that would condition at this time the independence of their judgment. Roberto Lugano has been a member of the Board of Directors since 23rd May 2007 and, therefore, for more than nine years. In this regard, given existence of the situation referred to in Application Criterion 3.C.1, letter e), of the Code of Self-Regulation, Roberto Lugano has deferred to the Board appropriate assessment of whether or not he continues to be independent. The Board carried out this assessment by taking a “substantive” approach to the situation, giving preference to substance over form, as recommended by Application Criterion 3.C.1. In the circumstances, the Board considered that rigid application of Application Criterion 3.C.1, letter e), would have resulted in the unacceptable automatic loss of independence, merely because Roberto Lugano had been a Board member for more than nine years. By contrast, the Board gave weight to the ethical qualities of Roberto Lugano, his steadfast commitment, professionalism and independence of judgment, his pro-active stimulation of and support for discussion within the Board and its committees, and his specific experience and skills acquired over the period of his mandates.

In view of the above, with specific reference to Roberto Lugano, the Board deemed it inappropriate to apply Application Criterion 3.C.1, letter e), of the Code, considering that his independence of judgment, being a substantive indicator of overall independence, was intact despite having served for more than nine years.

The Issuer arranged to disclose the outcome of the Board assessment of the independence of the above-mentioned directors in a press release communicated to the market.

The independent directors did not hold any formal meetings during the year without the presence of other directors. The independent directors are members of the Audit Committee and the Compensation Committee; accordingly, they are always able to discuss matters following the close of these committee meetings and did not deem it necessary to call any formal separate meetings.

The independent directors have agreed to maintain their independence for the duration of the mandate granted to them.

4.7 Lead independent director

Given that the position of Chairman of the Board of Directors of the Issuer is held by a person appointed by the majority shareholder of the Issuer, on 3rd May 2017 the Board appointed Sabrina Borocci as Lead Independent Director, pursuant to Criterion 2.C.5 of the Code.

The Independent Directors liaise with the Lead Independent Director in order to enhance their contribution to the activities and functioning of the Board; this person is a point of reference and coordination for the requests and contributions of the Independent Directors and,

additionally, works with the Chairman of the Board of Directors to ensure that the directors receive complete information on a timely basis.

Among other powers, the Lead Independent Director may - acting alone or upon request from other directors - call meetings attended solely by the Independent Directors (known as Executive Sessions of the Independent Directors) to discuss matters considered of interest, on a case-by-case basis, regarding the functioning of the Board of Directors or the management of the business.

During the year, in this role, Sabrina Borocci coordinated the requests made to the Board by the non-executive and independent directors, ensuring that such requests were taken into proper consideration during the discussions.

5 DEALING WITH CORPORATE INFORMATION

The Code requires directors and statutory auditors to keep confidential the documents and information obtained in the performance of their duties, and to comply with the procedures adopted by the Issuer for the internal management and external communication of such documents and information.

Consistent with this requirement and the provisions contained in paras. 1 and 12 of art. 114 and art. 115-bis, TUF, as well as in arts. 66 et seq. and 152-bis et seq. of the Issuers' Regulation, since March 2007, the Issuer has also adopted a code of conduct in relation to privileged information ("Code on Privileged Information") and has established (in July 2007) a register of persons with access to privileged information in view of their job, function or professional activities.

Such registers have been properly established for both the Issuer and its subsidiaries.

In addition, in compliance with para. 7 of art. 114, TUF, and arts. 152-sexies et seq. of the Issuers' Regulation, on 26th March 2007 the Board also approved a code of conduct for internal dealing (the "Code on Internal Dealing") which identifies the so-called "relevant persons" and governs the way their transactions in shares issued by the Issuer, or other related financial instruments, are communicated to Consob and the general public. Furthermore, pursuant to para. 3.p) of art. 2.2.3 of the Market Regulation, the Code also bans "relevant persons" from carrying out transactions in the Issuer's shares and/or financial instruments during the so-called black-out periods i.e. during the 30 calendar days prior to communicating to the public approval of the draft financial statements and the six-monthly report, and during the 15 calendar days prior to the approval of quarterly reports.

In order to implement in full the Code on Privileged Information, and pursuant to art. 2.6.1, Chapter 2.6 of the Market Regulation, the Board has appointed Giulia Degano as Contact Officer, and Annalisa Aldrovandi as her deputy, and tasked them to comply with the legislative and regulatory requirements for Contact Officers, with particular reference to the matters of internal dealing and the communication of privileged information, as well as the requirements for communications to the market described in Chapter 2.6 of the Market Regulation and, more generally, the requirements of the Code on Internal Dealing and the Code on Privileged Information.

Following the entry into force of the legislation that adopted Directive 2014/57/EU dated 16th April 2014 on the criminal penalties for market abuse (MAD II), as well as the provisions of EU Regulation 596/2014 of the European Parliament and of the Council of 16th April 2014 on market abuses, the Issuer revised the internal regulations on internal dealing, privileged

information and the related register of persons with access to that information, and prepared procedures for the dissemination of privileged information and for managing the register of persons with access to it; these procedures were approved and adopted at the Board meeting held on 28th July 2016.

6 **BOARD COMMITTEES (para. 2.d) of art. 123-bis, TUF)**

These Committees are internal to the Board, carrying out a consultative role and making recommendations, thereby improving the functioning of the Board and its ability to provide strategic guidance.

Consistent with Principles 7 and 8 of the Code and para. 3, letters m), n) and o), of art. 2.2.3 of the Market Regulation, on 13th May 2014 the Board appointed the members of these Committees.

No Committees have been established to cover two or more of the functions envisaged in the Code.

The functions of the Committees have not been allocated in a manner different to that called for by the Code, and the Board has not reserved for itself any of the functions of one or more Committees.

The composition and functioning of the Committees is described in sections 8 and 10 of the Report.

7 NOMINATIONS COMMITTEE

At the date of this Report, the Board has not established an internal Nominations Committee, since this is not deemed necessary. This decision reflects the fact that the current and applicable regulatory requirements and the provisions of the Articles of Association - including, in particular, the mechanism of nominations via a list voting system - ensure a suitable level of transparency for the procedure of selecting and nominating candidates.

8 COMPENSATION COMMITTEE

The Compensation Committee comprises non-executive directors, the majority of whom are independent. Its members are:

- Daniela Saitta - Chairman (independent director);
- Roberto Lugano (independent director);
- Sabrina Borocci (independent director).

Among the three members indicated above, the Board has recognized that Roberto Lugano has vast finance and accounting experience.

The role of the Compensation Committee is to make proposals to the Board, in the absence of the directors involved, concerning the remuneration of the executive directors and those with specific responsibilities, as well as - at the request of the executive directors - to establish criteria for the remuneration of the Company's senior managers, including any stock-option plans or allocations of shares, as well as any short and medium/long-term MBO bonuses.

In compliance with Application Criterion 7.C.3, the Compensation Committee periodically checks the criteria adopted for the remuneration of executives with strategic responsibilities, monitors their application based on information provided by the executive directors and makes general recommendations to the Board on this subject.

The Committee met once during the Year. At the meeting held to approve the Compensation Report the Committee determined the compensation policy adopted to be appropriate and consistent with the needs and organization of the Issuer. The average duration of the Committee meetings was an hour and a half. All members attended both meetings. Committee meetings are coordinated by the Chairman and have been properly minuted; the minutes have been recorded in the minute book.

Two meetings are planned for 2019, one of which (8th March 2019) has already been held.

Further information about the Compensation Committee is provided in the relevant parts of the compensation report published pursuant to art. 123-ter, TUF.

9 REMUNERATION OF DIRECTORS

Information on this topic is provided in the relevant parts of the compensation report published pursuant to art. 123-ter, TUF.

This said, the Shareholders' Meeting held on 12th April 2017 authorized the total remuneration payable to the independent and non-executive directors; at the Board meeting held on 11th May 2017, acting on a proposal from the Compensation Committee supported by the Board of Statutory Auditors, the Board established the remuneration payable to each non-executive director, each executive director and each director with specific responsibilities.

10 CONTROL AND RISKS COMMITTEE

The Control and Risks Committee, which is the same as the Audit Committee, comprises three non-executive directors, the majority of whom are independent. Its members are:

- Roberto Lugano - Chairman (independent director expert in accounting and financial matters);
- Daniela Saitta (independent director);
- Alessandro Bonfiglioli (independent director).

The Audit Committee has a consultative function and makes recommendations to the Board concerning:

- (a) the definition of guidelines for the system of risk management and internal controls, so that the principal risks faced by the Company and the Group are properly identified and adequately measured, managed and monitored, as well as criteria for the compatibility of such risks with the healthy and proper management of the business;
- (b) the decisions to be taken on the appointment, removal, remuneration of and allocation of resources to the internal audit manager;
- (c) the identification of the executive director responsible for supervising the functioning of the system of internal controls;
- (d) the assessment, each year or more frequently, of the effective and proper functioning of the system of internal controls;
- (e) the description in the report on corporate governance of the key elements of the system of internal controls.

The Audit Committee also:

- (a) assesses, together with the executive responsible for preparing the Company's accounting documentation and with the auditing firm, the proper application of accounting standards and their consistency for the purposes of preparing the consolidated financial statements;
- (b) on request from the Chairman, expresses opinions on specific matters concerning identification of the principal business risks, as well as on the design, implementation and management of the system of internal controls;
- (c) examines the work programs prepared by the internal control manager and the periodic reports prepared by him;
- (d) assesses the proposals presented by auditing firms with a view to obtaining the related appointment, and assesses the plan of the audit and the results set out in the auditors' report and any letter of recommendations;

- (e) monitors the effectiveness of the auditing process;
- (f) if deemed necessary, may request the Internal Audit function to perform checks in specific operational areas, informing at the same time the Chairman of the Board of Statutory Auditors.

The Audit Committee coordinates its work with the Board of Statutory Auditors and the internal control managers, reporting at least every six months to the Board at the time of approving the annual financial statements and the six-monthly report. The meetings of the Audit Committee are attended by the Chairman of the Board of Statutory Auditors or by another serving auditor designated by him.

The Board has also appointed an internal control manager, Cristian Maioli, who reports periodically to the Audit Committee (and to the Board) about the work performed and helps the Committee to carry out its functions and duties.

The Committee met six times during the year. The average duration of the meetings is an hour and a half. Four meetings are planned for 2019, two of which (31st January and 8th March 2019) have already been held.

Invited by the Chairman, the manager responsible for preparing the consolidated financial statements and the external audit managers also attended a number of meetings in order to provide information about the matters on the agenda. To provide the Committee with the appropriate information, also the members of the Supervisory Body concerning the 231 Model. The committee meetings were properly minuted and recorded in the minute book.

All meetings were attended by the Issuer's Chairman of the Board of Statutory Auditors or by an authorized Serving Auditor.

The Audit Committee has right of access to the information and corporate functions necessary for the performance of its tasks, and may make use of external consultants, to the extent established by the Board (*Application Criterion 4.C.1.e*). If deemed necessary, the Committee may ask the Board to make available to it the financial resources deemed appropriate in order to perform its tasks.

The Committee has reported to the Board every six months on the work performed, as well as on the adequacy of the risk management and internal control system.

11 RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

The Issuer's Board is aware that the system of risk management must be considered together with the system of internal controls over the financial reporting process. The system of internal controls comprises all the operating procedures designed to ensure the credibility, accuracy, reliability and timeliness of financial information, via an appropriate process for the identification, measurement, management and monitoring of the principal risks. The methodology followed when developing the control model was based on the Co.So Report's model, accepted at an international level, and the guidelines issued by relevant associations (e.g. Andaf).

In order to identify the relevant business areas, the executive responsible made use of the risk assessment prepared by the internal control manager together with the Audit Committee. In particular, the risk management and internal control system comprises a set of rules, procedures and organizational structures that ensure the healthy and proper management of the business, consistent with the established objectives, via the adoption of appropriate procedures to identify, measure, manage and monitor the principal control risks. An effective risk management and internal control system is based on principles that require business activity to comply with the applicable internal and external regulations, and be traceable and documented, that require decision-making powers to be assigned and exercised in a manner commensurate the related levels of responsibility and the significance and/or importance of the underlying economic transactions, that require segregation between the persons who take or implement decisions, those who account for the transactions decided and those called upon to carry out the checks required by law and the system of internal controls, and that require confidentiality and compliance with the privacy regulations.

DESCRIPTION OF THE PRINCIPAL CHARACTERISTICS OF THE RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM RELATING TO THE PROCESS OF FINANCIAL REPORTING

a. Steps in the risk management and internal control system relating to the process of financial reporting

The model envisages the identification of risks that might compromise the effectiveness and efficiency of processes, the reliability of reported information and compliance with the applicable rules and regulations, as well as the identification of controls that mitigate these risks.

The risks identified in relation to financial reporting concern the following accounting assertions:

- Existence: the assets and liabilities of the company exist at a given date. All recorded transactions took place during the period.
- Completeness: all transactions and all accounts that should be included in the financial statements have been included.
- Rights and Obligations: the assets are owned by the company and the liabilities reflects its obligations at a given date.
- Accuracy and Validity: the assets, liabilities, revenues and costs reported in the financial statements are stated for their correct amounts in the appropriate accounts.
- Presentation and Disclosure: the information presented in the financial statements is properly classified and described.

The key processes and related controls, devised with reference to the risks associated with the above accounting assertions, are documented using a risks/controls matrix prepared for the Issuer and other group companies of strategic significance, in order to identify and evaluate such controls. These matrices are used to identify any control weaknesses, in order to assess the need for additional checks designed to mitigate any risks that might prevent achievement of the reporting objectives.

The model envisages the performance of specific tests throughout the year to check that the parties concerned have actually applied the control procedures mentioned above.

The model envisages a flow of information between the various parties involved in the system of internal controls. This includes preparation of a document summarizing the results of the monitoring activities carried out during the year, and the action proposed to eliminate any weaknesses found.

b. Roles and functions involved

The system used for the management and control of financial information is managed by the Executive responsible for the preparation of accounting and corporate documentation. This person coordinates the various phases involved, such as planning, implementation, monitoring and updating.

In particular, the role and responsibilities of the Responsible Executive include internal verification of the proper functioning of the processes/accounting flows that are part of this person's operational responsibilities, the completeness and reliability of the information flows, and the adequacy and effective application of the related controls. The Responsible Executive checks all documents and information containing final accounting data relating to the economic and financial position.

The Responsible Executive is required to report periodically to the Audit Committee, the

Board of Statutory Auditors and the Supervisory Board about the work performed to check the system of internal controls, and about the results of the assessment work carried out in support of the attestations and declarations made.

In particular, the Responsible Executive exchanges information, both formally and informally, with the Issuer's Audit Committee and Supervisory Board.

In this regard, the Issuer has appointed the Chief Financial Officer and General Manager of the group as the Responsible Executive. Given the position and role of this person, all appropriate operational and managerial powers have been granted to him, together with significant financial autonomy (see para. 11.6).

During the year, taking account of information received from the Audit Committee, the Board assessed the adequacy, effectiveness and proper functioning of the system of internal controls. This assessment was carried out by analyzing the results of the various checks performed to verify the credibility, accuracy, reliability and timeliness of financial information. No critical issues were identified.

The following parties implement the risk management and internal control system:

- the Board of Directors
- the Control and Risks Committee (Audit Committee)
- the Chief Executive Officer, as the director responsible for supervising the functioning of the risk management and internal control system
- the Board of Statutory Auditors
- the Firm of Legal Auditors
- the Supervisory Body
- the Manager of the Health and Safety Function
- the Executive responsible for preparing the Issuer's accounting documentation
- the Internal Audit Manager

The Issuer's risk management and internal control system includes a system of risk governance that is properly managed and subjected to audit by both internal and external professionals:

- Risk assessment model complete with preliminary analysis of risks and mitigating actions relating to initiatives deemed to be of strategic significance in the context of the Issuer's strategic plan; the significance of risks, classified into categories and subcategories, is determined based on the probability of occurrence and the related economic and other impacts, including market share, competitive advantage and reputation; the assessment is made in terms of inherent risk, without considering the

effect of mitigating actions, and after considering the actions taken to reduce the probability that the risk event will occur and/or to limit its damaging impact;

- Investor Protection Model (Law 262/05) - regarding the organization, formalization and verification of the adequacy and functioning of the administrative-accounting procedures that underly the preparation of the corporate disclosures of the Issuer and the Group;
- Organization, Management and Control Model (Decree 231/01) - regarding the administrative responsibilities of legal persons;
- Occupational Health and Safety (Decree 81/2008), managed by specific professionals employed by the Issuer.
- Management of IT System Security. The system includes controls for the protection of personal data (Decree 196/2003 and subsequent amendments and additions).

Specific information flows have been implemented between the Board, General Management and the Supervisory and Control Bodies in order to communicate promptly any potential risk situations identified, as well as the outcome of the assessments and checks carried out by the responsible functions.

11.1 DIRECTOR RESPONSIBLE FOR THE SYSTEM OF INTERNAL CONTROLS

The Board has appointed a director responsible for supervising the functioning of the system of internal controls (*Application Criterion 7.P.3. a (i)*). The name of this director is Roberto Lugano. Working in coordination with the Internal Audit function, his task is to ensure identification of the principal business risks and operation of the risk management internal control system, having regard for the characteristics of the Group's activities, and to report any issues found to the Audit Committee and the Board.

The executive director responsible for the system of internal controls: (i) considering the nature of the activities of the Issuer and its subsidiaries, has identified the principal business risks and periodically drawn them to the attention of Board members after the close of Board meetings; (ii) has implemented the guidelines established by the Board, via the design, development and management of the system of internal controls and by checking its overall adequacy, efficiency and effectiveness; (iii) has adapted the system to changes in the legislative and regulatory background; (iv) has recommended to the Board the appointment of an internal control manager. He has full powers to request this manager to perform checks in specific operating areas and on compliance with internal rules and procedures for the conduct of business transactions, informing at the same time the Chairman of the Board, the Chairman of the Audit Committee and the Chairman of the Board of Statutory Auditors.

In addition, if he deems it necessary and/or appropriate, the above director may report on a timely basis to the Audit Committee (or the Board) on any problems and issues arising in the performance of his activities, or otherwise coming to his attention, so that the Audit Committee (or the Board) can take appropriate action.

Since no problems or issues arose in the performance of his activities during 2018, the above director did not send any communications of this type to the Board or the Audit Committee.

11.2 MANAGER OF THE INTERNAL AUDIT FUNCTION

The Issuer's Internal Audit Manager is Cristian Maioli. His appointing has been done with the favorable opinion of the director responsible for supervising the functioning of the system of internal controls, of the Control and Risk Committee and having heard the Board of Statutory Auditors.

As manager of the internal audit function, his role - working in compliance with international standards - is to check, on an ongoing basis and in relation to specific requirements, the adequacy and operation of the risk management and internal control system by implementing an audit plan approved by the Board of Directors following a structured analysis of the principal risks. The Internal Audit Manager has direct access to all the information needed in order to carry out his duties, which include:

- preparation of periodic reports containing adequate information about his activities, on the manner in which risks are managed, and on application of the plans defined for their containment; these periodic reports contain an assessment of the suitability of the risk management and internal control system;
- timely preparation of reports on events of particular significance;
- submission of the above reports to the Chairmen of the Board of Statutory Auditors, the Control and Risks Committee and the Board of Directors, as well as to the director responsible for supervising the risk management and internal control system;
- checking, in the context of the audit plan, the reliability of IT systems and, in particular, the accounting systems.

During 2018, the Internal Audit Manager carried out the planned activities on an ongoing basis. These essentially included (i) the program of independent monitoring agreed with the Responsible Executive in the context of the Law 262 model (ii) the Audit Plan for 2018.

Based on the information obtained and the work performed, no significant anomalies have been identified and no significant indicators of internal control weaknesses have been found.

11.3 ORGANIZATIONAL MODEL PURSUANT TO DECREE 231/2001

Among the requirements for obtaining and maintaining the STAR status, the Market

Regulations envisage adoption of the organization, management and control model referred to in art. 6 of Decree 231/2001 (the "**Organizational Model**"). One of the effects of adopting the Organizational Model is to exclude sanctions against the entity if its senior management carry out certain types of illegal act, specified in the related Decree, in the interests of or for the benefit of the entity; such acts currently include corporate crimes and crimes involving market abuses (in addition to bribery and corruption, certain types of falsification, crimes related to terrorism and insurrection, and crimes against the individual).

The Organizational Model was presented to and approved by the Board on 28th March 2008 and is available on the Issuer's website: www.aeffe.com/governance. The Model itself has been constantly updated and supplemented, obtaining the approval of the Board of Directors (the last on 27 July 2018) for the modifications and additions deriving from the inclusion of the new predicate offenses, such as, for example the crimes against the public administration (bribery, corruption in the exercise of duties, corruption by deed in breach of duties, corruption in judicial deeds, improper inducement to give or promise benefits, corruption of a public servant, incitement to corruption, embezzlement, bribery, improperly give or promise benefits, corruption and incitement to corruption of members of EU bodies and officials of the European Union and foreign states), corporate crimes (corruption between individuals), environmental crimes (unauthorized waste management activities, violation of obligations to communicate, to keep registers and to keep formula sheets), and the employment of citizens of other countries without proper residence status.

With the support and under the initiative of the Supervisory Body, which submits the Model to a constant review process and also evaluates whether to avail itself - for this activity - of the support of external specialized subjects, the Issuer has effectively taken care of the practical aspects and the phases of updating the Model.

In particular, since the adaptation and / or updating interventions of the Model are carried out essentially in occasion of:

- normative innovations;
- violations of the Organizational Model or negative results of checks on its effectiveness;
- changes in the organizational structure of the Company;

in the case of the Issuer, this intervention was necessary only to add the changes indicated by the current legislation, with particular reference to the introduction of new categories of predicate offenses, as no cases of violation of the Model occurred.

The Issuer has also implemented the recommendations sent, during its activity, of the Supervisory Body, proceeding with the modification of the control protocols that were no

longer fully compliant with the company organization, also in consideration of the corporate evolution occurred since 2015 (year of the previous update of the Model) at today.

The updating on the Model started with a verification of the state of the art and the updates of:

- Ethical code;
- Mapping of risk activities;
- Organisational model;
- Internal procedures;
- System of delegations and responsibilities;
- Disciplinary system;
- Staff training and information.

A final report was prepared, addressed to the Board of Directors and delivered to all the directors and statutory auditors, in which a complete report was provided concerning the phases and results obtained in the updating of the Model in question.

The project for updating and revising the organization and management model pursuant to Legislative Decree 231/01 of the Issuer was therefore concluded positively and effectively implemented, also with a view to time progress.

The work to amend the Model included the performance of a risk assessment (mapping sensitive activities and establishing a risk profile for each offense identified) and analysis of the related results. In addition, checking procedures have been implemented to further mitigate the inherent initiation risk. Lastly, information is now provided to the Supervisory Body should function managers consider it necessary and/or appropriate to report anomalous situations.

The current Supervisory Body comprises Roberto Lugano, Carla Trotti and Stefano Di Biase. Pollini S.p.A. adopted its own organization, management and control model in 2014.

11.4 Independent Auditors

The Firm of Legal Auditors appointed by the Issuer is “RIA Grant Thornton S.p.A.”, with registered offices at Corso Vercelli 40, Milan Milan Companies Register, Tax Code and VAT No. 02342440399 - Business Register No. 1965420, Register of Legal Auditors no. 157902, formerly recorded in CONSOB’s special register of auditing firms at no. 49. This appointment was granted on 13th April 2016 and will expire following the audit of the separate and consolidated financial statements as of 31st December 2024.

11.5 EXECUTIVE RESPONSIBLE FOR PREPARING THE ISSUER'S ACCOUNTING DOCUMENTATION

The executive responsible for preparing the Issuer's accounting documentation is Marcello Tassinari, Executive Director of Aeffe and General Manager of the Aeffe Group.

The Articles of Association envisage that the Board, having heard the required but not binding opinion of the Board of Statutory Auditors, appoints an executive responsible for preparing the Issuer's accounting documentation and fixes the related remuneration.

Persons who do not satisfy the following professionalism requirements cannot be appointed as Responsible executive and, if already appointed, their mandates lapse:

- (a) degree in economics, finance or business management and systems;
- (b) at least three years' experience in total of:
 - administration and control activities or senior management responsibilities within a limited liability company, or
 - administrative or management functions or appointments as auditor or consultant, such as registered accountant, for entities operating in the banking, financial and insurance sectors, or in any case sectors that are closely connected with and related to the activities of the company, that involved the management of economic - financial resources.

In addition, persons who do not satisfy the honorability requirements established in art. 147-quinquies of Decree No. 58 dated 24th February 1998 cannot be appointed as Responsible executive and, if already appointed, their mandate lapses.

If the Responsible executive ceases to serve, the Board arranges without delay to replace him by appointing a new Responsible executive, having heard the required but not binding opinion of the Board of Statutory Auditors. Termination of the employment relationship between the Responsible executive and the company is a reason for ceasing to serve.

The Responsible executive exercises the powers and performs the tasks attributed to him in accordance with the provisions of art. 154-bis of Decree no. 58 dated 24th February 1998, and the related enabling regulations. For this purpose, the Board has granted the Responsible executive adequate powers and resources to accomplish the tasks attributed to him.

The Responsible executive attends those Board meetings that envisage the discussion of matters relevant to his activities.

11.6 COORDINATION BETWEEN PERSONS INVOLVED IN THE RISK MANAGEMENT AND INTERNAL CONTROL SYSTEM

The Issuer has not formalized methods of coordination between the various persons involved in the risk management and internal control system, since such persons have numerous opportunities to meet for information discussion both during and after (i) meetings of the audit committee (ii) meetings of the Supervisory Body (iii) meetings of the Board.

The Audit Committee keeps the Board of Statutory Auditors constantly informed and collaborates closely with it, not least by joint participation at the meetings of the Audit Committee.

12 DIRECTORS' INTERESTS AND TRANSACTIONS WITH RELATED PARTIES

The Board adopts measures designed to ensure that transactions with related parties are carried out in a transparent manner and comply with the criteria requiring substantial and procedural propriety. A similar requirement is contained in art. 2391-bis of the Civil Code, under which the administrative bodies of companies that make recourse to the market for risk capital must adopt specific internal regulations and procedures to govern transactions with related parties, including those conducted via their subsidiaries, thus ensuring their transparency and substantial and procedural propriety ("Procedure for Transactions with Related Parties").

The Board has adopted measures designed to ensure that transactions with related parties are carried out in a transparent manner and comply with the criteria requiring substantial and procedural propriety. A similar requirement is contained in art. 2391-bis of the Italian Civil Code, under which the administrative bodies of companies that make recourse to the market for risk capital must adopt specific internal regulations and procedures to govern transactions with related parties, including those conducted via their subsidiaries, thus ensuring their transparency and substantial and procedural propriety.

Consistent with the above requirements and those contained in Consob Regulation No. 17221 dated 12th March 2010, on 10th November 2010 the Issuer adopted a new procedure for related-party transactions that, in compliance with the above regulation, came into effect on 1st January 2011.

The procedure for related-party transactions covers the approach to be followed should the company enter into transactions with counterparts that are deemed to be "related parties".

In particular, the procedure governs Transactions involving Minor Amounts, Transactions of Greater Significance, Transactions of Lesser Significance, and Routine Transactions.

The text of the procedure governing transactions with related parties is available for consultation at the registered offices, on the website www.aeffe.com and on the website of Borsa Italiana.

The procedure governing transactions with related parties has been given to all members of the Board of Directors.

With regard to transactions in which directors have a personal interest, the group applies the rules established by law, since these are considered by the Issuer to provide adequate protection for the group's interests. This is because art. 2391 c.c., applicable to the Issuer and the group's most significant subsidiaries, already requires (i) executive directors to abstain from promoting transactions that benefit third parties; and (ii) directors to inform the Board about all interests promoted by them when carrying out a given transaction.

13 APPOINTMENT OF STATUTORY AUDITORS

Principle 10.P.1 of the Code envisages that the Statutory Auditors act with autonomy and independence and that their appointment takes place in compliance with the gender diversity criteria; that the Issuer has to grant an effective performance of the duties of the Board of Statutory Auditors.

The Board of Statutory Auditors comprises three serving auditors and two alternate auditors. The statutory auditors remain in office for three financial years and their appointments expire on the date of the Meeting called to approve the financial statements for the final year of their mandate; they may be re-elected. With regard to the criteria and methodology for appointing statutory auditors, article 22 of the Articles of Association states that the Board of Statutory Auditors comprises 3 (three) serving auditors, of which at least one must be a member of the least represented gender; the Shareholders' Meeting shall also appoint two alternate auditors, one from each gender. The appointments are made on the basis of lists presented by the shareholders, following the process specified below.

Shareholders have the right to present lists if, alone or together with other shareholders, they represent at least 2.5% (two point five percent) of the shares with voting rights at ordinary meetings, or such different percentage of the company's share capital as is established by current and applicable laws and/or regulations. Each list must comprise two sections: one for the appointment of serving auditors and the other for the appointment of alternate auditors. Each section of the lists must ensure the presence of both genders.

The lists must indicate in consecutive numerical order at least one candidate for serving auditor but, in any case, not more candidates than the number of statutory auditors to be elected. Each candidate can appear on just one list, or will be ineligible for election. In accordance with the above-mentioned Principle 10.P.1 of the Code, the lists signed by the shareholders presenting them, or by the shareholder appointed to present them, and accompanied by the documentation required by the Articles of Association, must be filed at the registered offices at least 25 (twenty-five) days prior to the date fixed for the Meeting in first (or only) calling and published on the Issuer's website at least 21 (twenty-one) days prior to the date fixed for the Meeting in first (or only) calling. The following information must also be filed, together with each list, by the deadline indicated above: (i) declarations from each candidate accepting their nomination and confirming, under their personal responsibility, the absence of reasons for which they would be ineligible or for which their appointment would lapse by law, and that they satisfy the honorability and professionalism requirements established by law and applicable to such appointments; (ii) complete information on their personal and professional

characteristics (curriculum vitae); (iii) the list of appointments as director or auditor held by candidate statutory auditors in other companies or bodies, if relevant under current regulations to the limit on the total number of appointments allowed by the Articles of Association or by the current and applicable laws and/or regulations; (iv) the list of shareholders presenting the list, specifying their personal or company name, address, company registration number or similar and the total percentage of share capital held by them.

Candidates must satisfy the requirements of eligibility, honorability and professionalism established by law, and must not hold a number of appointments as directors or auditors of other companies or entities that exceeds the maximum allowed by current and applicable laws and/or regulations.

If no lists are presented, the Shareholders' Meeting appoints the Board of Statutory Auditors and its Chairman in accordance with the majorities established by current legislation. If only one list is presented, the Board of Statutory Auditors is drawn entirely from that list and the first candidate on the list is appointed as Chairman.

If, on the other hand, two or more lists are presented, the Board of Statutory Auditors is appointed in the following manner:

a) the following candidates will be appointed, in the numerical order in which they appear, from the list that obtains the majority of the votes cast by the shareholders: (i) the first two candidates for the office of serving auditor and (ii) the first candidate for the office of alternate auditor;

b) the following candidates will be appointed, in the numerical order in which they appear, from the list that obtains the second-largest number of votes, on condition that such list is not linked, directly or indirectly, with the shareholders who presented or voted for the list that obtained the largest number of votes: (i) the first candidate for the office of serving auditor, who will also be appointed as Chairman of the Board of Statutory Auditors, and (ii) the first candidate for the office of alternate auditor, if available; otherwise, the alternate auditor will be the first candidate for this office on the first list obtaining the next-largest number of votes that is not linked, directly or indirectly, with the shareholders who presented or voted for the list that obtained the largest number of votes.

c) in the event of a voting tie between two or more lists, the candidates on the list presented by shareholders with the greatest total equity interest or, failing this, by the largest number of shareholders, will be elected.

If the composition of the Board of Statutory Auditors or the category of alternate auditors does not comply with the gender balance criterion then, having regard for the order of listing in

the respective sections, the candidates from the most represented gender elected last from the Majority List shall be replaced by the first candidates not elected from the same list and the same section from the least represented gender. Application of this replacement procedure will continue until the composition of the Board of Statutory Auditors complies with the regulations in force at the time concerning gender balance.

The Board of Statutory Auditors monitors compliance with the law and the Articles of Association, and respect for the principles of proper administration including, in particular, the adequacy of the organization, administrative and accounting systems adopted by the Company and the way they function in practice, as well as how the corporate governance rules envisaged by the related regulations are applied in practical terms.

Lastly, the Articles of Association envisage that the Board of Statutory Auditors meets at least every ninety days at the request of any its members.

The mechanism of appointment using the list voting system ensures transparency and the provision of timely and adequate information on the personal and professional characteristics of the candidates.

Criteria and diversity policies

The Company has statutorily adopted the obligation to appoint the members of its Board of Statutory Auditors in compliance with the provisions regarding gender balance. A third of the Board of Statutory Auditors belongs to less represented gender.

The Company appoints, to compose the Board of Statutory Auditor, professionals of great skill and experience, drawn from expert and famous professional practices and/or universities, as members of its control bodies.

The Board of Statutory Auditors met 14 times during the year. The minimum duration of meetings of the Board of Statutory Auditors was 1 hour, while the average duration was 2 hours and 20 minutes.

The Board of Statutory Auditors has scheduled 12 meetings in 2019.

The Board of Statutory Auditors checked the continuing independence of its members for 2018 at the meeting held on 8th March 2018.

In accordance with the criteria established in para. 3 of art. 148 of Decree 58/98, the minutes

of that meeting included the following text:

“Each Statutory Auditor grants to have carried out the self-assessment procedure relating to compliance with the independence requirements established by the law, the Articles of Association and the Code of Self-Regulation which the Company has declared to comply with (Article 8.1.C) , from the Issuers’ Regulations (article 144-novies), as well as from the Legislative Decree 24.2.1998 n. 58 (T.U.F.), updated with the changes introduced by Legislative Decree 15.12.2017 n. 233 and in force since 28.2.2018 (article 148 - paragraph 3). [...]

At the end of the self-assessment procedure (also provided for by the Q.1.1 Standard issued by the CNDCEC, in consultation until next March 15, 2018), the Statutory Auditors issued a specific transparency statement which will be sent to the Board of Directors for the communications required by current legislation.”

In reaching this determination, the Board of Statutory Auditors applied all the criteria set down in the Code.

The members of the Board of Statutory Auditors are subject to application of the Issuer's Procedure for Transactions with Related Parties, the contents of which are described in paras. 4.3 and 12 of the Report. Furthermore, should a member of the Board of Statutory Auditors have an interest in a transaction carried out by the Issuer, whether directly or indirectly, such person must provide complete and timely information to the other statutory auditors and to the Board, specifying the nature, terms, origin and extent of this interest.

At the meeting held on 8 March 2018, the Board of Statutory Auditors verified the independence of the external auditors, checking both compliance with current regulations and the nature and extent of any non-audit services provided to the Issuer and its subsidiaries by the external auditors and members of its network.

Lastly, in the performance of its duties, the Board of Statutory Auditors coordinated with the Audit Committee (whose meetings were attended by the Chairman of the Board of Statutory Auditors). The Chairman of the Board of Statutory Auditors, or a Serving Auditor authorized by the Chairman, attended all the meetings of the Audit Committee, verifying the effectiveness of the procedures adopted and contributing to the identification of the most sensitive areas within the company.

The remuneration of the Statutory Auditors is consistent with the work required, the importance of their role and the size and business sector of the Issuer.

15 RELATIONS WITH THE SHAREHOLDERS

The Issuer believes that it is in its specific interests – as well as a duty towards the market – to establish, right from the time of listing, an ongoing dialog with all shareholders based on a mutual understanding of the respective roles; this dialog must be carried forward in compliance with the procedures established for the external communication of business documents and information. Pursuant to para. 3.j) of art. 2.2.3 of the Market Regulations, the company has identified from among its employees a professionally-qualified person, Annalisa Aldrovandi, to serve as investor relations officer.

The Issuer has also created an easily found and accessible section on its website *www.aeffe.com* containing information about the Issuer that is relevant to shareholders, so they can exercise their rights with full awareness.

Shareholders can also contact the Issuer's Corporate Secretariat for any help or clarification they may need relating to the exercise of their rights.

16 SHAREHOLDERS' MEETINGS

Shareholders' meetings are either ordinary or extraordinary, as defined by law.

Shareholders' Meetings are called at the registered offices or elsewhere in Italy by a notice published, within the timescales envisaged by current legislation, in a national daily newspaper.

The ordinary meeting is called whenever required by law and when deemed appropriate by the Board of Directors. The shareholders' meeting is also called by the Board of Directors at the request of shareholders representing at least 5% (five percent) of the share capital, to the extent allowed by the final paragraph of art. 2367 of the Italian Civil Code, or by the Board of Statutory Auditors, or by at least 2 (two) of its members.

The tasks and powers of the shareholders' meeting are those established by law.

During 2018, the shareholders who control the Issuer did not notify the public of any proposals that should have been presented to the shareholders' meeting regarding matters for which no specific proposals had been made by the directors.

Rights of shareholders and attendance at meetings

In order to attend the shareholders' meeting, the Issuer must receive the communication from the authorized intermediary envisaged in art. 83-sexies, TUF. This communication must be received prior to the start of the session.

Ordinary and extraordinary meetings can be held in multiple locations, either adjoining or distant, that are linked by audio/video communications, on condition that the collegiate method and the principles of good faith and equal treatment for all shareholders are respected.

In particular, it is necessary that:

- (i) the Chairman of the Meeting, with support from the chairman's office or otherwise, is able to determine the identity and legitimacy of those attending, govern the conduct of the meeting, and determine and proclaim the results of voting;
- (ii) the person responsible for taking the minutes is able to follow adequately the meeting events to be minuted;
- (iii) those attending are able to take part in the discussions and in simultaneous voting on the matters on the agenda;
- (iv) the notice of meeting specifies the locations equipped with audio/video communications provided by the company, where shareholders may gather; the meeting will be deemed to be held in the location where both the Chairman and the person responsible for taking the minutes are present.

The shares requiring the communication specified in para. 2 of art. 2370 c.c. remain unavailable until the meeting has been held.

The shareholders who are entitled to attend the Meeting may be represented by another person, who need not be a shareholder, bearing a written proxy prepared in accordance with legal requirements. This proxy may be granted by electronic means, in the manner envisaged by the Ministry of Justice. The proxy may be notified to the company by certified e-mail at the address specified each time in the notice of meeting. The proxy form is available from the registered offices and from the Issuer's website www.aeffe.com in the Italian section entitled *Documenti Societari*.

Pursuant to the law and art. 11 of the Articles of Association, shareholders are entitled to attend the Meeting and exercise their voting rights on presentation of a communication addressed to the Issuer by an authorized intermediary, as defined in the applicable regulations. This communication is released by the latter following reference to the accounting information recorded at the accounting close of the seventh trading day prior to the date fixed for the Meeting (so-called "**record date**"). Persons obtaining ownership of the shares subsequent to the **record date** are not entitled to attend the Meeting or to vote. Each shareholder may be represented at the Meeting by a person holding a written proxy, except in the cases of incompatibility and with the restrictions envisaged in current regulations. The Issuer's proxy form is available from the intermediaries authorized to issue the communication confirming the shareholder's right to attend the ordinary meeting, or from the company's website (www.aeffe.com); it may also be obtained from the Corporate Secretariat of Aeffe S.p.A. In addition, pursuant to the Articles of Association, each shareholder is entitled to notify proxies by e-mail sent to the Issuer's certified e-mail address. Proxyholders giving or sending the Issuer a copy of the proxy form must confirm, taking full personal responsibility, that it is a true copy of the original and also confirm the identity of the delegating shareholder. Without cost for the delegating shareholder, the proxy may be granted - with voting instructions for some or all items on the agenda - to the independent company specified by the Issuer in the notice of meeting as the representative designated by the company pursuant to art. 135-undecies of Decree No. 58/98, on condition that this company receives the original, sent by registered letter or certified e-mail, by the end of the second trading day before the date fixed for the meeting in first calling. Proxies given on this basis do not apply to proposed resolutions for which voting instructions are not given. Proxies and voting instructions may be revoked by the end of the second trading day before the date fixed for the meeting in first or sole calling.

Pursuant to art. 127-ter, TUF, shareholders may submit questions about items on the agenda prior to the meeting, by sending a registered letter or certified e-mail to the addresses specified in the notice of meeting.

Interested parties must provide the information needed to identify them. Questions are answered at the Meeting, at the latest, and the Issuer is entitled to give a combined reply to questions of a similar nature.

Pursuant to art. 126-bis, TUF, shareholders who, together or alone, hold at least one fortieth of the share capital may, within ten days of publication of the notice of meeting, request the addition of specific items to the agenda. This request must be presented in writing, sent by registered letter or certified e-mail to the addresses specified in the notice of meeting, on condition that it is received by the deadline stated above. By this deadline and in the same manner, the proposing shareholders must also present a report on the matters to be discussed at the meeting. Information about any additions to the agenda for the Meeting subsequent to receipt of the above requests will be provided, in the manner established for publishing notices of meetings, at least fifteen days prior to the date fixed for the meeting.

In addition to publishing the notice of amendment, the report prepared by the requesting shareholders must also be made available to the public at the same time, in the manner applicable to other meeting documentation, and accompanied by any related considerations made by the Board of Directors. Additions to the agenda are not allowed for matters that, by law, may only be voted on at the meeting following a recommendation from the directors, or based on a project or report prepared by them that is not included in those indicated in para. 1 of art. 125-ter, TUF.

Meeting and voting quorums

The meeting and voting quorums specified in the Articles of Association of the Issuer are the same as those envisaged in current legislation.

Meeting Regulations

By resolution of the Board meeting held on 26th March 2007, the Issuer adopted the text of the meeting regulations which are available for consultation in their entirety on the Issuer's website: www.aeffe.com/governance. The meeting regulations establish rules of conduct at meetings intended to guarantee the right of each shareholder to speak on the matters under discussion.

In particular, shareholders intending to speak must apply to the Chairman after the agenda item relevant to the question has been read out and the discussion period has been opened, but before the Chairman declares discussion of that item to be closed. Requests are made by the raising of hands, unless the Chairman has called for written requests. In the case of hand raising, the Chairman gives the floor to the first person to raise a hand. If this cannot be determined with precision, the Chairman gives the floor in the order determined at his sole discretion. In the case of written requests, the Chairman gives the floor in the order that the

requests were recorded. The Chairman and/or, upon his invitation, the directors and the statutory auditors to the extent of their responsibilities or as deemed useful by the Chairman in relation to the matter discussed, reply immediately after each shareholder authorized to speak has spoken, or after all speakers on the matter discussed have spoken, as decided by the Chairman. Shareholders are entitled to speak just once in relation to each agenda item, except for any reply and declaration of voting intention, the duration of which may not exceed five minutes. Having regard for the nature and importance of each agenda item, the Chairman will specify the time available for each shareholder to speak. The duration will usually not be less than 5 (five) minutes or more than 10 (ten) minutes.

The Board reports to the Shareholders' Meeting on the work performed and that planned, and takes steps to ensure that shareholders obtain the information needed to adopt resolutions with full awareness of the matters concerned, via publication on the Issuer's website and filing at the registered offices and on the website of Borsa Italiana.

The Shareholders' Meeting held on 12th April 2018 was attended by 5 directors.

Each year, the Issuer makes available to the market and the shareholders a Compensation Report prepared pursuant to art. 123-ter TUF and in accordance with art. 84-quater of the Issuers' Regulation. This Report is approved by the Compensation Committee (whose functions are described in the Report on Corporate Governance) and, accordingly, the Chairman of the Compensation Committee has not considered it necessary to report to the shareholders on the way that the Committee functions.

There were no significant changes in the market capitalization of the Issuer's shares, or in the ownership of the Issuer, during the Year.

17. ADDITIONAL ASPECTS OF CORPORATE GOVERNANCE

There are no other aspects of corporate governance beyond those described in the Issuer's Report and those required by current legislation and regulations.

18. CHANGES SUBSEQUENT TO YEAR END

There have not been any significant changes subsequent to year end.

19. OBSERVATIONS ON THE LETTER DATED 21ST DECEMBER 2018 FROM THE CHAIRMAN OF THE CORPORATE GOVERNANCE COMMITTEE

The Audit Committee evaluated the considerations of the letter of December 13, 2017 of the Chairman of the Borsa Italiana Corporate Governance Committee during its meeting on July 26, 2018, reporting its opinion to the Board of Directors at the following meeting on July 27. The analysis of the Audit Committee concerned, in the year 2018, the question related to the succession plans, of which the Issuer did not consider it necessary to equip itself.

In this regard, the Audit Committee noted that the purpose of the succession plans is to implement, in the companies, processes aimed at identifying, in time, "substitutes" of the various managers who occupy strategic and executive positions with skilled professionals appropriate for business needs; on the basis of the size and characteristics of the company, these processes could be more or less sophisticated, but, to be efficient and effective, they must be combined by the double objective of avoiding management gaps in the short term and favoring generational turnover in the medium-long term period.

Taking into consideration the Issuer's structure shareholding structure and the dimensions of the company, the Issuer, taking into consideration also the assessments made by the Internal Control Committee at the meeting of 16 July 2018, considered that the processing and the eventual adoption succession plans are not, at the moment, a business necessity, since these plans are generally existing in companies of significant dimensions and with a widespread shareholding.

For the above reasons, the Committee did not consider it necessary to draw the attention of the Board of Directors to the issue of the adoption of a succession plan.

Since no Board meetings were held in December, it was not possible to draw the recommendations contained in the letter sent on 21th December 2018, that will be analyzed and deepened during 2019.
